Iran Says Hormuz Deal Framework Finalized as US-Iran War Enters Endgame — [CNN](#) / [ABC News](#) / [Al Jazeera](#)

~12h ago · Middle East

Iran announced that a preliminary framework with Oman for reopening the Strait of Hormuz has been agreed, though it still requires sign-off from senior authorities. A full deal would end six months of US-Iran hostilities that have throttled global oil shipments, with Washington signaling it would lift its blockade of Iranian ports once terms are formalized.

New Mexico Court Orders Meta to Pay \$942 Million in Child Safety Case — [TechCrunch](#) / [Forbes](#) / [CNBC](#)

~20h ago · Tech / Law

A New Mexico judge added a \$567 million penalty to Meta's earlier \$375 million fine, bringing the total to \$942 million for creating a 'public nuisance' through lax child safety on Facebook and Instagram. The court also mandated sweeping operational changes including nightly notification blackouts for minors, making it one of the largest social-media child-safety rulings in US history.
